NEW ATTRACTIONS

AT

Virginia Beach.

Free entertainments at the fine new theatre every afternoon from 4:30 to 5:30 and from 8:30 to 9:30 every evening.

The week of June 5th to 10th there will be an illustrated lecture on the Spanish-American War and Our New Possessions, with moving pictures and phonographic effects. June 12th to 17th will be a rattling good minstrel show. June 19th to 24th will be the laughable comedy "Second Floor Spookendyke," a reserved seat benefit for the Infant Sanitarium. Other good attractions to follow.

Book your excursions to Virginia Beach and enjoy the finest surf bathing in the pure Atlantic, where the water is not contaminated by neighboring cities. Get your photo taken at the new gallery.

Soothing Syrup

has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, regulates the stomach and bowels, and is the best remedy for diarrhoea. Twenty-five cents a bottle. Sold by all druggists throughout the world.

MASTER CAR BUILDERS TO-DAY

Twenty-third Annual Convention at Old Point.

RAILWAY APPLIANCES

An Interesting Exhibit Made by Dealers and Manufacturers—The Railway Press of the Country Largely Represented—Topics to Be Discussed in the Convention—Program of the Exercises To-Day.

The thirty-third annual convention of the Master Car Builders' Association will open this morning at Chamberlin Hotel, Old Point Comfort. Yesterday many of the members reached Old Point, but the main body arrived at 6:30 o'clock last evening on the Railway Age special from Chicago, St. Louis and Indianapolis.

THE EXHIBITS.

The exhibits of railway appliances are of particular interest. Yesterday not all were in shape, but they will probably be all installed to-day. The following were in position yesterday:

The Carborundum Co., Niagara Falls, N. Y.: Exhibit of crude carborundum (an artificial product) and this substance made up into wheels and blocks for grinding, clothes and paper polishers and other specialties. The crude article is beautiful in its mass of iridescent crystals of many colors. (The crystals will be given away as souvenirs.) P. H. Manley, treasurer of the company, is in charge.

Asbestos products of The H. W. Johns Manufacturing Co., of 100 William street, N. Y.: Asbestos packings, linings, fabrics, twines and stove linings, also vulcanized asbestos packing, crude asbestos, and hair felt, one-half to two inches thick.

The R. Bliss Manufacturing Co., Pawtucket, R. I., manufacturers of Crane's patent automatic air gate for steam and elevated cars, operated by engineer and motorman with compressed air, and Wood's patent car springs.

Chicago Grain Door Co.: Rabbeted Chicago grain door.

Detroit Lubricator Co., Detroit, Mich.: Improved lubricator attachment and piping for feeding oil to valves against back pressure.

Pantastote Leather Co.: Pantastote fabric of car seat upholstery, wall ceilings, etc. Exhibit in charge of Messrs. John M. High, of New York and H. M. Grier, of Chicago.

Car upholstery plush (goat brand), Sanford Mills.

U. S. Headlight Co., headlights, manufactured for Adams & Westlake Co., Chicago, Ill.

The Thornbrough Coupler Attachments Co., Ltd., Detroit, Mich.: Coupler attachments; also The Detroit Coupler and the Welsh spring uncoupling connection, made at Detroit. All in charge of Mr. James A. Ellis, of Detroit.

Star Brass Co., of Boston: Steam gauges, safety valves and locomotive appliances generally, in charge of Mr. E. C. Sawyer, of Chicago, and Mr. George H. Musgrave, of Boston, Mass.

Boston Artificial Leather Co., manufacturers of "Moroccoline," for upholstering car seats and kindred uses. Metropolitan 1898 injector, made by The Haydon & Perdy Manufacturing Co., 111 Liberty street, N. Y.

Monarch Brake Beam Co., Ltd., Detroit, Mich., manufacturers of the "Monarch" and "Solid" brake beams. Thomas E. Carliss, superintendent, in charge of exhibit.

U. S. Railway Supply Co., N. Y.: Exhibit of car seats upholstered in leather, plush and rattan. Potter & Rynish Co., sole agents. Mr. Edwin M. Blyth, general manager.

Chicago Railway Equipment Co., Chicago, Ill.: Automatic frictionless side bearings, for use on all railway equipment. Exhibit of new bearings, also old bearings in use two years and in perfect condition. Exhibit in charge of Messrs. E. B. Leigh, A. J. Farley, C. F. Huntton, Chicago; B. F. Pilson, Richmond, Va.; F. G. Ely, New York; F. E. Crane, Montreal, Canada.

Railway supply department of the New York Belling and Packing Co., Ltd.: Air brake hose, car heating hose, R. R. S. engine and tender hose, pneumatic tool hose, fire, water, oil and gas hose, interlocking rubber tubing, corrugated mat and matting, car step treads and, in fact, all kinds of rubber material used by railroads. An interesting feature is the exhibit of rubber from the crude article of the tropics, to the finished products. Exhibit is in charge of Mr. Charles L. Gately, of New York.

Jenkins Bros., valve exhibit, in charge of C. W. Martin, of New York.

OUTDOOR EXHIBITS.

The most striking outdoor exhibit is that of the Chicago Pneumatic Tool Co. in its special pavilion, 30x40 feet in size, between the Hygeia Hotel and the beach. Here are shown pneumatic hammers for chipping, caulking, flue beating, drills, wood boring machines, reversible drills, riveters for boiler and

ship work, flue cutting and rolling machines, railway speed recorders, tamping machines, rivet heating forges, casting cleaners, air motors, quick-acting self-closing couplings, stay-bolt tappers, stay-bolt biters, flue welders and other articles too numerous to mention. This exhibit is in charge of Messrs. W. O. Duntley, general agent, Chicago; Thomas A. Aldcorn, Eastern agent, New York; J. M. Towle, Boston agent; Sidney Wheelhouse, Southwestern agent, St. Louis, Mo., and H. S. Hunter, Pittsburgh.

Near the Chamberlin pavilion are the following: Consolidated Car Heating Co., Albany, N. Y.: Car heating appliances.

Torsion proof freight car roof, F. W. Bird & Son, East Walpole, Mass., and Chicago, Ill.

Little Giant tools, Standard Pneumatic Tool Co., Chicago and New York, pneumatic tools. Exhibit in charge of E. N. Hurley, of Chicago, and J. D. Hurley, of New York.

The Cloud Steel Truck Co., of Chicago, exhibit of steel truck and boiler tenders for freight cars and locomotive tenders. In charge of Mr. C. L. Sullivan, superintendent.

Standard Coupler Co., of New York, standard steel platform. In charge of George A. Post, president; H. W. Sessions, vice president, and A. P. Dennis, secretary.

Peerless coupler, non-creepable. The American Manufacturing Co., 20 Broad street, New York, car couplers.

CAR EXHIBIT.

This feature is on the Government railroad tracks back of the Hygeia Hotel, and is made up of exhibits by the Pressed Steel Car Co. of Pittsburgh, pressed steel cars, and dump cars of the Goodwin Car Co., of New York.

THE RAILWAY PRESS.

The railway press of America is very largely represented, as follows:

The Railway Age—H. P. Robinson, president, of the company and editor; H. M. Wilson, manager. This paper, with remarkable enterprise, will get out a special convention number, on the ground, during the seven days of the convention of the Master Car Builders and Master Mechanics, covering the proceedings of these bodies very fully. They will be handsome typographically and valuable to members and advertisers.

The Railroad Gazette, of New York, weekly, is represented by James H. Bailey, vice president; Colonel H. G. Prout, editor in chief; E. A. Simmons, secretary; John M. Reynolds, Western representative; J. C. Whitridge, associate editor; John W. Simmons, advertising clerk. The Gazette's special convention issue, gratuitously distributed yesterday, is a very valuable and interesting number.

Review—Chicago, weekly; W. C. Tyler, vice president.

American Engineer, of New York—G. M. Basford, editor.

Railway Journal, of St. Louis.

Railway Master Mechanic, of Chicago—W. D. Crossman, editor; H. W. Lewis, manager.

Locomotive Engineer, of New York—August St. Clair, editor in chief.

Railroad Car Journal, of New York—Mr. Phillips, editor.

THE PROGRAM.

The first session of the convention will be called to order at 10 a. m., on Wednesday, June 14th, and the order of business will be as follows:

1. Opening exercises.

2. Reading minutes of last meeting.

3. Address by the president.

4. Admission of new members.

5. Reports of secretary and treasurer.

6. Assessment and announcement of annual dues.

7. Appointment of nominating and other committees.

8. Election of Auditing Committee.

9. Unfinished business.

10. New business.

11. Reports of committees.

12. Reading and discussing questions propounded by members.

13. Routine and miscellaneous business.

14. Election of officers.

15. Adjournment.

"For the Sake of Fun."

Mischief is done. A vast amount of mischief done, too, because people neglect to keep their blood pure. This mischief, fortunately, may be undone by the faithful use of Hood's Sarsaparilla.

HOOD'S PILLS cure all liver ills. Non-irritating.

Virginia Female Institute.

Rev. Arthur S. Lloyd, pastor of St. Luke's P. E. Church, of this city, attended the commencement exercises of Virginia Female Institute at Staunton. Last Sunday morning he preached the baccalaureate sermon to the young ladies, and Sunday night he preached again at Emmanuel Church in that city. Both discourses were earnest, practical, eloquent and commanded the undivided attention of his hearers.

The Modern Beauty.

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with beauty and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co. only.

The Rem-Sho Tabulator for easy way-billing is the best. July 1st.

Lighthouse Appointments.

Commander Wood, inspector of the Fifth Lighthouse District, announces the following appointments as keepers of lighthouses: John B. Jennett, third assistant keeper of Cape Hatteras light, vice A. W. Simpson, transferred to North river light; Walter L. Barnett, assigned as assistant keeper of Hatteras Inlet light, and Alfred B. Willis, appointed assistant keeper of Long Shoal light, North Carolina. The appointments take effect at once.

Sudden Disappearance.

The Richmond Dispatch of yesterday says that Burt Timmons, late of Company I, Second Virginia Regiment, has been missing from his home on that city since last Thursday. He told a friend that he was going to Norfolk. He has been out of work, but his father secured a position Thursday in the health department for him, and is anxious to ascertain his whereabouts.

Masonic Elect Officers.

Atlantic Lodge, No. 2, A. F. and A. M., has elected the following officers for the ensuing twelve months:

Henry L. Myers, W. M.; M. G. Lennon, S. W.; Maury Anderson, J. W.; Fred Greenwood, treasurer (re-elected); George W. Wilson, secretary (re-elected); George Ellicher, S. D.; A. W. Ralier, J. D.; H. H. Trice, James Davis, stewards; E. E. Guy, chaplain; R. W. Pettit, tiler.

THE PUBLIC SCHOOLS

Men Only to Be Employed as Rec-tors Hereafter.

The Munyon System of Music to Be Introduced—Tablet in Charlotte Street Building to Mr. John B. Whitehead—Other Matters.

The Board of School Trustees held their monthly meeting at 1 o'clock p. m. yesterday with President Whitehead in the chair and the following members present: Messrs. Moran, Morris, Taylor, Ruffin, Randolph, Minter, Davis, Greenwood, Pamplin, Pinkerton and Fiveash. Superintendent Dobie was also in attendance.

The following additional applications for positions as janitors of the three new schools were received, making the total number nineteen: Edward Church, J. E. Gregory, N. Nailer, Rufus Croker, J. W. Bassett, F. K. White and Harry P. Metcalf.

Applications for positions as teachers were read from the following persons and placed on file: Misses Hattie Jones, Grace W. Cannon, Effie Mae Bailey, Nellie Miller, Louie Ryland and Corine E. Smith, of Norfolk; Mr. J. M. McCullie, Knoxville, Tenn.; Mr. S. G. Aunsbaugh, Amherst, Va.; Miss Mabel W. Chamberlain, music, Springfield, Mass.; Mr. T. S. Purdie, Spanish, Norfolk, Va.; Bernard Gutman, drawing, Lynchburg, Va.; Katherine Bates, Dardenne, Mo.

The Finance Committee's recommendation of the payment of all regular and special bills, amounting to \$4,660.30, was approved.

Mr. Ruffin, of the Text Committee, favored the adoption of the system of music recommended by Prof. Munyon. This provoked considerable discussion, during which Mr. Randolph offered a motion postponing the matter until the meeting in July.

A substitute motion was offered by Mr. Minter, that the Munyon system of music be adopted. The substitute was carried.

THE HIGH SCHOOL.

The petition of the graduating class of the High School for the use of that building on the night of the 29th inst. was granted.

A committee, composed of the chairman and Superintendent, was constituted to procure medals for distribution to meritorious scholars at the close of the school session. The sum of \$50 was set aside for the purpose.

SCHOOLHOUSE TABLET.

The following, offered by Dr. Moran, was read by Mr. Ruffin:

"Gentlemen—We are upon the eve of dedicating to learning the building, now nearing completion, on the corner of Bank and Charlotte streets, in this city. For years it will remain an ornament to this community and reflect credit upon you. Permit me as one of the least of your members, but an earnest one, to suggest that a suitable tablet be placed within its vestibule bearing this inscription: 'As a loving tribute to the true worth of the model citizen, gentleman and scholar, Hon. John Boswell Whitehead, twice Mayor of this city and President of its Common and Select Councils, this tablet is here placed. In the erection of this schoolhouse we witness his indomitable energy, and as the honored President of the Public School Board of the city of Norfolk. He has proved himself the patron of learning and the friend of his people.'"

On motion of Mr. Ruffin, Colonel Pamplin, Messrs. Fiveash and Randolph and Dr. Moran were constituted a committee to carry into effect the above proposition.

Mr. Ruffin offered a motion that male rectors be appointed as principals of the three new schools.

Mr. Randolph offered an amendment, that it is the sense of the board that male rectors should at least be at the head of the public schools of the city, and that this board recommends to the Local Board of Brambleton Ward that provisions be made for the employment of male rectors.

A substitute was offered by Mr. Fiveash, that the present status of the schools be continued.

The substitute was defeated by a vote of 9 to 3, and the amended resolution of Mr. Randolph was adopted by a like vote.

Captain J. J. Burroughs appeared before the board in behalf of Miss Evelyn Nimmo and made a proposition for the establishment of a kindergarten by the board.

The matter was referred to the Text Committee for examination.

It was stated by Superintendent Dobie that some parties were anxious to be examined for positions as teachers at other times than the date provided by law. The board was averse to any change in the law.

The Superintendent submitted his report for the month of May, which was read and placed on file. It showed white enrollment, 2,308; average attendance, 2,032; dropped, 185; vacant seats, 278. Colored enrollment, 546; average attendance, 379; dropped, 25; vacant seats, 110.

All in sight of monument. "Newest Discovery" extracts teeth painlessly. N. Y. Dental Rooms, Ennes only, 324 Main street, corner Talbot.
